LADRONES ARE ACTIVE

GENERAL SAN MIGUEL'S FORCE REAPPEARS IN THE PROVINCE OF RIZAL.

TWO TOWNS SURROUNDED

Thirty Scouts and Ten of the Constabulary Captured, Disarmed and Set at Liberty—Rebels Avoid an Engagement With the Main Force in the South, but Manage to Capture Three Small Detachments.

Manila, Feb. 23.—A force of ladrones under General Miguel reappeared in Rizal province during the day. They avoided an engagement with the main force in the south but captured three small detachments of constabulary. The enemy surrounded the towns of Cainta and Tayay, eleven miles east of Manila, and captured thirty scouts and ten of the constabulary, whom they disarmed and set free.

Sunday Inspector Melwaine, at the head of ten constabulary, was surprised and captured near Montalban, sixteen miles northeast of Manila. The ladrones promised to release them if the constabulary would surrender their arms. While they were conferring on this point, Melwaine made a dash for liberty and he and all the constabulary effected their escape.

A Few Skirmishes Occur.

When the news of the reappearance of General San Miguel's force reached Manila, reinforcements of scouts and constabulary were hurried into the Rizal province. General Allen and Colonel Scott went to Ntuplo and assumed command of the forces there. They met with small detachments of the enemy and a few skirmishes took place. They were, however, unable to locate the main body of ladrones. General Allen and Colonel Scott are continuing their pursuit and hope to overtake the released prisoners.

It is said that General San Miguel's force consists of 300 men, armed and uniformed. The zone of ladrone activity extends from Calocan, four miles north of Manila, eastward to the mountains of Rizal and skirting the northern limits of Manila. The Manila police co-operated in Saturday's

Effort to Corner the Enemy.

Secretary Winthrop, in the absence of Governor Taft, requested General Davis to furnish additional scouts, and General Davis has ordered another battalion of scouts to report to General Allen. It is added that additional troops will be ordered out.

General San Miguel's force is small and the government is determined to speedily suppress it. San Miguel claims the insurgent leadership and fights under the Katipunan flag. According to news from Albay Luzon, a force of ladrones attacked a small detachment of constabulary forces. The constabulary retreated but killed eleven of the enemy. Two of the constabulary were killed.

IMPORTANT CAPTURE.

Missouri Moonshiner Arrested in South Dakota.

Sioux Falls, S. D., Feb. 23.—Chief of Police W. H. Martin, sworn in as special deputy United States marshal for the occasion, accompanied by W. I. Howland, deputy internal revenue collector for South Dakota, made an

important capture in this city in the person of Bastian Giessman, who is wanted in Missouri on the charge of carrying on the business of illicit whisky distilling in Jackson county, that state. The arrest was made by authority of a telegram from the United States marshal for Missouri, and on a warrant issued by United States Commissioner D. J. Conway of this city.

Giessman, it has been ascertained, arrived here about Feb. 12, and when arrested was occupying apartments at a private residence where no doubt he believed he had placed himself beyond the reach of the United States authorities of Missouri. His preliminary examination will be held before United States Commissioner Conway. Witnesses from Missouri are expected here in time to testify against the alleged moonshiner.

REASONS FOR DELAY.

Number of Causes for Battleships Not Being Completed.

Washington, Feb. 23.—The president has been in correspondence with Secretary Moody respecting the matter of delay in the construction of naval vessels, and the secretary in turn has called upon the chief constructor for a statement of conditions in the various shipbuilding yards, where naval work is going on. The secretary has submitted a letter in the nature of a report to the president including with it the chief constructor's report.

In substance these letters show that "while through a number of causes the building of warships has been delayed and the dates of their completion have been and will be considerably beyond the dates originally set, naval construction in the United States is not materially behind the naval construction of England and Germany in the matter of time."

KILLED BY HIS SON.

Prominent New Orleans Politician Shot to Death.

New Orleans, Feb. 23.—Peter Farrell, one of the leading local Democratic politicians and state legislator, was shot and killed by his oldest son, Edward, during the day. The family claims that in a fit of ungovernable temper Farrell attempted to kill Edward and George, the eldest boys, for misconduct, and Edward wrested the pistol from him and fired three shots into his father's heart. The boy surrendered.

Little Girl Falls Into a Coke Oven and Is Burned to a Crisp.

Connellsville, Pa., Feb. 23.—Mary Kohland, aged eleven years, met a horrible death by being burned alive in a coke oven. The little girl, in running down the hill above the oven, fell and rolled into one of the hot ovens. Men at work near by broke into the oven and secured the body, but it was burned to a crisp, hardly the semblance of a human form being left.

GERMANY WANTS CASH

ASKS FOR IMMEDIATE PAYMENT OF FIVE THOUSAND FIVE HUNDRED POUNDS.

BOWEN DECLINES DEMAND

He Informs Baron Sternberg That the Money Would Be Paid to German Representative at Caracas on March 15, as Provided in the Protocol. Reason Animating German Government Not Disclosed in Washington.

Washington, Feb. 23.—The German government, through its representative here, Baron Speck von Sternberg, has made a request of Mr. Bowen for the immediate payment of the \$5,000 which it was stipulated in the protocol signed on Feb. 13 should be paid within thirty days from that date, as a preliminary to the raising of the blockade against Venezuelan ports and the agreement to send the question of preferential treatment of the blockading nations to The Hague for determination. Mr. Bowen promptly declined to accede to the request, but informed Baron Sternberg that as provided in the protocol the money would be paid to the German representative at Caracas thirty days from Feb. 13, which would be on the 15th of March.

May Have Some Significance. The reason that animated the German government in making the request it not disclosed here, nor is Mr. Bowen aware of it. The matter, however, has some significance, perhaps, in view of the fact that the ships taken by the Germans during the blockade have not yet been returned to Venezuela.

During the day Mr. Bowen had calls from the French ambassador, M. Jusserand, the Spanish minister, Senor Ojeda, and the Belgian minister, Baron Moncheur, in regard to the protocols that are in preparation for the settlement of the claims of the citizens of their countries against Venezuela. Rough drafts of these instruments are already on their way by mail to the European governments but there are certain provisions regarding them about which the envoys desired to consult Mr. Bowen. The protocols are expected to reach their destinations the latter part of this week, pending which no final steps for their joint signature can be taken.

GUESTS ALL ESCAPE.

Fire Almost Completely Destroys Toledo (O.) Hotel.

Toledo, O., Feb. 23.—The Hotel Devenux was almost completely destroyed by fire in the morning. The fire was discovered by one of the guests on the third floor, and had gained quite a little headway. An alarm was turned in at once, but by the time the department had arrived the flames had spread to the second and fourth floors. The guests and help were notified and all left the building in safety, many taking their personal effects with them. The cause of the fire is unknown. The loss will amount to \$60,000 with \$50,000 insurance. There were about fifty guests in the house.

SEEKING NOTORIETY.

Two Armed Men in Illinois Turn Out to Be Hunters.

Nashville, Ill., Feb. 23.—The two armed men who by their threatening demands for food have terrified the inhabitants of this vicinity and led to the belief that they were William Rudolph and Fred Lewis, charged with the recent robbery of the bank at Union, Mo., have been found by a posse to be only wandering hunters seeking notoriety. Sheriff Howe and a posse found them in the vicinity of Mount Vernon and after rigid questioning were convinced that the two men were not Rudolph and Lewis.

NOTED VETERAN DYING.

Major General Foster Seriously Ill at Indianapolis.

Indianapolis, Ind., Feb. 23.—Major General Robert S. Foster is dying at his home here. Physicians say he can live only a few hours. He commanded the first division of the twenty-fourth corps in the Civil war and headed off General Lee at Appomattox, causing his surrender. He was one of the founders of the G. A. R. and was first junior vice commander. He was United States marshal for Indiana under Garfield and is now quartermaster general of Indiana.

FOUR MEET DEATH.

Three White Children and a Negro Drowned in Florida.

Tallahassee, Fla., Feb. 23.—Three white children and a negro were drowned during the night in the flat woods south of Tallahassee. Jefferson Johnson and his wife, parents of the children, were saved. The family were in a wagon and in the darkness the team lost the road and got into deep water.

Five Buildings Damaged.

Springfield, Ill., Feb. 23.—A fire at McLean caused a loss of \$20,000 to five business buildings. The fire was caused by the explosion of a gasoline tank in a restaurant.

RESERVOIRS GIVE WAY.

Three of Them Break and Flood Shelton, Conn.

Derby, Conn., Feb. 23.—The breaking of three reservoirs in the town of Shelton early in the day caused damage estimated at between \$75,000 and \$100,000 and there were several narrow escapes from death. There are three reservoirs in the town situated on a hill in the western part of the town. In some unknown manner a hole was broken in the largest reservoir. The rush of water soon increased the hole to immense proportions and the water flowed down to the reservoir below. These were unable to stand the pressure and their walls gave way, giving the water a free path to town.

The reservoirs are a great gully 110 feet long and 100 feet wide through Howe avenue. Logs, trees and huge cakes of ice were carried along and crashed into several buildings. Street railway tracks and telephone and telegraph poles were torn up and strewn about in confusion. The reservoirs will have to be rebuilt, and this, with the property loss, it is believed, will make the loss \$100,000.

BY SPECIAL SERVICES.

Washington's Birthday Observed in New York City.

New York, Feb. 23.—Washington's birthday was observed here by special services of patriotic societies and many clergymen made the anniversary the subject of their sermons. The Society of the Sons of the Revolution of the state of New York had its thirteenth annual service in the Erie Presbyterian church.

At Carnegie Hall a patriotic mass meeting was conducted under the auspices of the West Side branch of the Y. M. C. A. Patriotic airs were rendered by the Seventh regiment band and the New York festival chorus of 700 voices, the audience joining in the singing of the national anthem and the Battle Hymn of the Republic. Booker T. Washington was the orator at a memorial meeting held in the Academy of Arts and Sciences. The speaker devoted his address to the consideration of the race problem.

GUNBOAT BOYACA LOST.

Historic War Vessel Sinks in Dangerous Channel of Port Bethesda.

Panama, Feb. 23.—The gunboat Chucito has brought the news of the loss of the historic gunboat Boyaca while entering the narrow and dangerous channel of Port Bethesda, about forty miles north of Agua Dulce, Feb. 18. All on board were saved. The Boyaca left last week with the Bishop of Junguito, who was to visit his diocese. Before sailing a few superstitious members of the crew did not want to go because the Boyaca's mainmast broke while she was coaling from the gunboat Padilla. It is reported that it will be impossible to float the Boyaca, which is sunk between the rocks at the entrance of the port. The government has sent an expedition to salvage the cannon.

There were three persons at the powerhouse when the attack was made. The watchman was thrown bodily through a window and seriously injured. J. H. Oviatt and E. E. Lester were badly pummeled and gashed by brickbats, stones and clubs. The attack was planned for an hour when it was thought the police could not reach the scene in force, but proved ill-timed, for a detail reached the place in time to effect several arrests.

VALUABLE JEWELS MISSING.

Costly Stones Stolen From Effects of Mrs. Ellen Gore.

San Francisco, O., Feb. 23.—Mrs. P. T. Dickinson of Alameda, has received a letter from Paris which stated that before the effects of Mrs. Ellen Gore, her niece, who was shot and killed in the apartments of the Russian, Signor Rydzowski, on the night of Nov. 19, left the American consulate for New York it was discovered that jewels to the value of over \$5,000 had been stolen.

Mrs. Dickinson's news came from a friend now in the French capital, who secured an inventory of the articles sent to S. Mallet Provost, the New York attorney, executor of Mrs. Gore's will, and the writer was of the opinion that the property was tampered with while it was in the possession of the French police and American officials. In addition to the jewels stolen there are said to be many valuable paintings and pieces of costly bric-a-brac missing, no accounting having been made for it by the authorities, but the exact value of this property cannot be fixed. The letter received by Mrs. Dickinson states that valuable rings and brooches were deprived of their settings and the stones stolen were of the finest quality.

TOTAL OF SIX DEAD.

That Number Succumbed to Fire at Cedar Rapids, Ia.

Cedar, Rapids, Ia., Feb. 23.—There were some changes during the day in the Clifton hotel fire death list, but the total remains six. Dr. S. Grant Groves, a dentist of Cedar Rapids, died at St. Luke's hospital in the morning. Miss Vina Burns, who jumped from a third story window, now has pneumonia, but may recover. No more deaths are expected and there are no more bodies in the ruins. At the morgue are the unidentified remains of a young man. It was incorrectly believed the man was P. Johnson, a grocer of Eagle Grove, who was seen after the fire. Later it was supposed the remains were those of G. E. Holmes. It now develops that this name was fictitious and that the man who thus registered is at St. Luke's hospital. The other previously unidentified body was found to be that of Samuel Jackson, a wholesale cigar dealer of Cincinnati. The number of his watch and description of

his teeth were obtained by long distance telephone from his wife. The remains were shipped to Cincinnati.

GUILTY OF MANSLAUGHTER.

Jury Renders a Verdict in Bishop Shooting Case.

Charlotte, N. C., Feb. 23.—The jury in the case of Arthur L. Bishop, the traveling salesman charged with the murder of Thomas J. Wilson, in the afternoon rendered a verdict of manslaughter. Immediately after the rendering of the verdict Bishop was remanded to jail. He will be brought before Judge Neal to receive sentence. The penalty for manslaughter is four months in jail as the minimum and twenty years in the penitentiary as the maximum. Bishop, who traveled for a New England shoe factory, killed Thomas J. Wilson in this city on Dec. 9 last. He had gone to Wilson's home in company with Miss Schultz and Miss Ada Wilson, daughter of the deceased. Wilson discovered the three in his parlor drinking wine, and ordered Miss Schultz and Bishop to leave. Bishop wanted to parley and Wilson endeavored to eject him, when he was shot and killed by Bishop.

Fair tonight and Tuesday.
Warmer.

For His Honor, the mayor, has said it, and its greatly to his credit, the slot machines must go.

The weather man is again taking pity on the poor citizen with an empty coal bin and is dishing up a fine mild brand of weather.

If the compromise is made in the statehood bill two new states will be added to the union shortly, Oklahoma including Indian Territory, and the State of Montezuma, comprising the present territories of New Mexico and Arizona, the latter to be detached and formed into a separate state when its population reaches \$300,000.

JUDGE FINEOUT, of St. Paul, on Saturday, held that betting on the market is a gambling transaction, and refused to give judgment for a note covering a market deal. The same day Judge Holt, of Minneapolis, decided that dealing in futures was not gambling within the meaning of the state law against gambling, and ordered the discharge of the manager of the Coe Commission Co., arrested for conducting a gambling house. In his opinion the judge held that while dealing in options was essentially gambling, it was not so within the intent of the law against gambling, as no mention is made in the law of such transactions coming under the head of gambling. The judge probably considered this a fine legal distinction, but to the layman it seems like nonsense.

ARE YOU SATISFIED?

If Not, What Better Proof Can Brainerd Residents Ask For?

This is the statement of a Brainerd citizen.

You can readily investigate it. The proof should convince you.

Mr. W. S. Benjamin, practical band gang and rotary filler, of 71 Third Ave., East Brainerd, says: "Doan's Kidney Pills did me so much good that I prevailed on many others to use them, and I know many cases where benefit has resulted. I had more or less pain and the renal secretions were acid in nature, thereby causing me considerable distress. I got a supply of Doan's Kidney Pills from a drug store, and can state that they had the effect of completely altering the condition of my kidneys referred to above. I shall certainly continue to advise others to use this remedy if annoyed in any way from their kidneys."

TEN NEW TYPHOID CASES.

Epidemic of Fever Claims More Victims at Itasca, N. Y.

Itasca, N. Y., Feb. 2.—Ten new cases of typhoid fever were reported in town during the day, of which eight were among citizens of Itasca, one that of K. Dawson, an instructor in Cornell, and the other Max Rothku-gel, a student of Schlessen, Austria. The two latter were removed to Stimpson Hall, on the campus, the second annex to the Cornell infirmary. Four students were sent to their homes with symptoms of typhoid and fifty others left town during the day.

At a mass meeting of the classes of Cornell university resolutions were adopted expressing confidence in President Schurman and the board of trustees in their determination to erect a filtration plant. The students authorized the appointment of a committee of upper class men which will endeavor to co-operate with the board of trustees, and at the same time to furnish students with good drinking water. A resolution demanding that the shanties along the water shed of Six Mile Creek be immediately burned was passed.

GREAT DAY FOR THE POOR.

One Thousand of Them Guests of the Pope at a Dinner in Rome.

Rome, Feb. 23.—Sunday was a great day for the poor of Rome, 1,000 of them being the guests of the pope at a dinner in the Belvidere court of the vatican in honor of the pontiff's jubilee. The tables were decorated with flowers and miniature papal flags. The guests were waited upon by nuns, and the Swiss guards in brilliant uniforms kept order, their band playing during the repast. The excellent menu included wine and dessert. Great enthusiasm was displayed and there were repeated cries of "long live Pope Leo."

The pope desired to personally administer his blessing on the gathering, but, although he was well, the doctors vetoed his desire in order that he might husband his strength for the closing functions.

TAKE THE GAS ROUTE.

Man and Woman Overcome by Fumes in Milwaukee.

Milwaukee, Feb. 23.—A man and woman registering at the Empress hotel, 27 West Water street, as Mr. and Mrs. Osten of Racine, were found in their room during the day, overcome by gas. The man was dead and the woman is in a critical condition at the emergency hospital. The case is thought by the police to be one of attempted murder and suicide, as electric light was used for illuminating purposes and there being no occasion for turning on the gas. The police are investigating the case.

ORGANIZED BULGARIAN BANDS.

Macedonian Leader Actively Preparing for Trouble.

Vienna, Feb. 23.—It is reported that the Macedonian leader, Boris Saroff, has organized within the past fortnight several well equipped Bulgarian bands in Macedonia, each consisting of about 250 men.

The Neue Freie Presse learns that 4,000 armed Macedonians are concentrated near the celebrated Rila monastery, forty miles from Sofia, and are preparing to attack the town of Melnik, in the Turkish province of Seres.

There is an unconfirmed rumor that the Albanians have attacked the Roumanian consulate at Mitrovitsa, Turkey, twenty miles northwest of Prisht-na.

SLOT MACHINES ARE ORDERED OUT

Order Issued by His Honor, Mayor Halsted, to Operators this Morning.

ONLY TRADEMACHINES LAWFUL

Those Who Have Machines Said to Have Used Nickels Instead of Trade Slugs.

An edict was issued this morning by his honor, Mayor A. J. Halsted, to the effect that the slot machines, which he has learned have been doing a thriving business for a short time, must be numbered with the "has beens", and the plunging instinct of those men who have found this a diversified pastime has been given a quietus, and no more will the enchanted buzz be music to the ear.

Chief of Police Sargent following out the instructions of the mayor, ordered all slot machines removed this morning. It will be remembered that this matter came up something like a year ago and at that time Mayor Halsted would not permit machines to be put in other than what is known as trade machines—machines that are played with a lead or brass plug, the player to receive drinks or cigars in exchange in case he won. When the matter came up at the time, being referred to the police committee by the council, the head of this committee took it upon his shoulders to give the saloon keepers and others the right to put the machines in. These machines were at once ordered out by the mayor.

There is no law or ordinance to prevent the use of the slot machine when played with the slugs and when the slugs are exchanged for drinks or cigars or any other commodity, but it is understood that Mayor Halsted got wind of the fact that these slugs were being exchanged for money and it is stated that the machines have been fixed up in some places so that the nickels themselves can be played. When this matter came to the attention of the mayor he decided on the course taken this morning.

DRUMMERS HOLLERED

And Teamsters Union take the Rough Edge of the Price Charged for Hauling Trunks.

There was an important meeting of the Brainerd Teamsters Union on Saturday evening, when the matter of charges for hauling trunks for traveling men in the city was considered. Ever since the schedule of prices were fixed by the union there has been a loud cry from the traveling men, as they thought they were getting the worst of it. The charges were 50 cents for the round trip, so that if a man happened to have three trunks it would cost him \$1.50. The teamsters Saturday night decided to reduce the price and hereafter the price will be 50 cents for the first trunk and 25 cents for each additional trunk.

William Skinner resigned Saturday night as recording secretary and C. G. Cooley was elected to fill the vacancy.

Free Farms in Western Canada.

The Saskatchewan Valley Land Co. of St. Paul, the biggest land company in the United States handling Canadian lands has thrown open to actual settlers one thousand quarter sections of their lands in the Saskatchewan Valley of Western Canada. This is an exceptional opportunity for the homesteaders as these lands are particularly desirable being very fertile, excellent soil and easily accessible to splendid railroads. To any one at all interested in securing a good farm free the proposition of the Saskatchewan Valley Land Co. made in another part of this paper is certainly worthy of careful attention.

IMPROVES HIS FARGO HOTEL.

R. R. Wise Lets the Contract for an Addition to Waldorf Hotel in N. D. Metropolis.

The following regarding improvements on the Waldorf hotel at Fargo, the hostelry owned by R. R. Wise of this city, is taken from the Fargo Call:

"The contract was let yesterday for an addition to the Waldorf hotel—the west section—which will make it four stories high and adds fourteen rooms to its capacity. This is made necessary to accommodate its large and increasing business.

"R. R. Wise was in the city yesterday and let the contract for the work to Bowers Brothers, who will begin work at once and push it to completion. The plumbing work was let to the Fargo Plumbing Co., who will rush their portion of the contract through, in order to accommodate the daily demands for more room at this popular hostelry. This addition, when completed, will make the Waldorf four stories high, all through."

MUSICALE DELIGHTFUL AFFAIR.

The Little Falls Transcript Speaks in the Highest Terms of the Musicale Given by Brainerd Ladies.

The following from the Little Falls Transcript regarding the musicale in that city by Mesdames G. D. LaBar, J. C. Atherton and E. W. Crane will be of interest:

"The musicale given in Elks' hall on Friday evening by Mr. and Mrs. F. H. Mero, Mr. and Mrs. W. M. Fuller and Mr. and Mrs. F. Jarboe proved a rare treat for those present. The entire musical program for the evening was furnished by Mrs. G. D. LaBar, Mrs. E. W. Crane and Mrs. J. C. Atherton, all of Brainerd. The entertainment provided by these ladies came as a pleasant surprise to the guests and was highly enjoyable throughout. Mrs. LaBar possesses a clear soprano voice of unusually pleasing quality and gave evidence of its excellent control in all her work. Mrs. Atherton is an accomplished pianist and contralto singer and plays and sings very sympathetically. Mrs. Crane is an expert whistler, in addition to being a fine pianist and singer and gave her hearers a rare treat in her whistling numbers, after each of which she was enthusiastically recalled. The program was delightfully varied, the listeners were appreciative and sympathetic, and the encores were most graciously responded to by the three ladies furnishing the entertainment.

"After the close of the musical program light refreshments were served in a side room, which had been appropriately fitted up for the purpose. The serving tables were decorated with pink carnations and smilax, the colors pink and white predominating in the refreshments. The main hall was decorated with red carnations and lighted candelabra with many oriental furnishings in cushions and draperies.

"The latter part of the evening was spent in dancing, Miss Cornwell furnishing the music, who was also accompanist for the trios during the musical program. All present spoke only in admiration of the delightful entertainment furnished by the ladies from Brainerd and expressed the hope of hearing them soon again."

THOS. MURPHY WILL HOLD HIS SEAT

Judge McClenahan Rendered His Decision Today in the Aldermanic Conflab

THE APPEAL DISMISSED

General Rule that Ineligibility in Such Cases is Not Ground for Contest.

Judge McClenahan this afternoon rendered his decision in the case of P. G. Fogelstrom vs. Thos. Murphy an appeal from the decision of the city council, acting as a canvassing board, giving Thos. Murphy a seat in the city council.

Ex-Alderman Fogelstrom brought the contest on the ground that Mr. Murphy had served as one of the judges at the primary election, after he had filed his certificate of nomination, against the provisions of the law in such cases provided.

The court dismissed the appeal and judgment was entered for Thos. Murphy, who will now hold over.

In his findings Judge McClenahan held that the ineligibility or disqualification of a man elected to office by a majority of the voters could not be made a ground for contest in the absence of fraud which would in any way effect the vote. In this case no such evidence was shown.

The judge also stated in his findings that in view of the fact that the defendant in this suit appeared in body and voted and took no particular part in the management of the election, it would not be wise to go against the wishes of the voters in the matter, since he had been elected by a majority and there being no fraud shown.

MUSIC AND DRAMA.

"MISS SIMPLICITY."

One of the largest houses of the season greeted Frank Daniels and his company at the Brainerd theatre on Saturday evening, when the comic opera farce, "Miss Simplicity", was presented. It is the opinion of many, all things considered, that it was the very best performance since the opening of the new theatre. It was at least the most satisfactory and seemed to hit the right spot. Frank Daniels is the same great comedian, a star among ten thousand and the company which he has gathered about him this year makes his one of the strongest attractions on the road today. Frank Daniels himself is the funniest thing in the world and it was a great feast. The choruses were good, the costumes were perfect and the repertoire of songs new and catchy. There was not a dull moment throughout the evening. The crowning feature was Mr. Daniel's little curtain talk, which brought down the house. The house warmed up in good shape Saturday night and star and company were greeted with rounds and rounds of applause. It was a clean, interesting performance throughout, and had it not been Saturday night when so many clerks could not get away, the Brainerd opera house s. r. o. sign would have been dusted off.

"UNORNA."

The early engagement here of Mrs. Brune in "Unorna" is heralded with pleasure, for Mrs. Brune is not only an actress of great ability but is one of the most artistically original women we have. Great things are being said everywhere about her new play and the fact of it having been the creation of F. Marion Crawford ought to attest to its merit.

SPELL TERRAPIN.

There Are Five Ways. So You Will
Hardly Get It Wrong.

"The terrapin enjoys one distinction
that is rather unique," said a man who
keeps his eye skinned for curious
things, "and it is found precisely in
the fact that there are more ways to
spell the name of this creature of the
water than any other I have any
knowledge of. It is almost impossible
to spell it correctly, and this is some-
thing you can say about very few
words in the English language. By
consulting the dictionary we will find
that there are five ways of spelling the
word, and they are these: Terrapin,
terrapin, terrapene, turapen. The
preference is given to the first way
of spelling the word—that is, terrapin—
but if a man should happen to write it
in some other way he would not be
entirely wrong. There is not much
excuse for spelling this word incorrect-
ly. Why, a fellow can shut his eyes
and hit the mark almost every time.
He can write it in the dark. The hard-
er stunt would be to write it incor-
rectly. And yet it happens now and then
that men hit upon the wrong way of
spelling this very same word. I have
known men to spell it terrypin, but not
in print. But the point I had in mind
was the curious fact that there are so
many correct ways of spelling the
word, and at this time I cannot recall
the name of a single other creature
similarly circumstanced so far as the
dictionary is concerned."—New Orleans
Times-Democrat.

The Mountain View Route.

This is what the Northern Pacific
—Shasta, or Shasta—Northern Pacific
Route—it reads as well back-
ward as forward—may well be
called.

The route takes its name from Mt.
Shasta in northern California. This
white, snow capped peak, at the foot
of which the Shasta route winds, is
14,350 feet high. The mountain is in
plain view for several hours from the
train and its distance from the track
varies from twelve to seventy-five
miles.

The beautiful scenery of the Sacra-
mento river at the base of Shasta, is
connected with this route only.
Castle Crags, Mossbrae Falls and
the natural twin soda fountains at
Shasta Springs are scenic gems.

The crossing of the Siskiyou range
furnishes the par excellence of rail-
way mountain scenery and observa-
tion cars are furnished there free of
charge. Then in succession comes
Mts. Jefferson, Hood—a beautiful
mountain—St. Helens, Rainier—14-
532 feet high—and Adams, all former
active volcanoes and now covered
with glaciers.

From Portland a steamboat ride
trip up the noble Columbia river to
the Cascades and Dalles enables the
tourist to see a river, palisades,
waterfalls and mountains far sur-
passing anything the Hudson can
show.

An opportunity is also given to
visit Tacoma, Seattle, Victoria, Van-
couver and the Puget Sound region.
Then follow the cascade range and
the Rockies, and best of all, a stop
can be made at Yellowstone Park.

This line traverses the finest scenic
region of the United States—don't
forget it, and see that your return
tickets home from California read
around this way.

The train service between Port-
land and the Puget Sound country,
and Duluth, Minneapolis and St.
Paul via Spokane, Butte and Helena,
is unsurpassed, including through
trains daily, one of which is the
noted "North Coast Limited."

HOUSE DOCKET CLEAR

PRACTICALLY EVERYTHING BUT
THE APPROPRIATION BILLS
DISPOSED OF.

ENTERS LAST FULL WEEK

Only General Deficiency Measure Re-
mains to Be Passed—Several Inter-
esting Contests Expected During
Consideration of Question of Ad-
justing Difference Between the Two
Houses on Bills in Conference.

Washington, Feb. 23.—The house
enters the last full week of the ses-
sion with the deck practically clear
of everything, except appropriation
bills. Only one of these, the general
deficiency bill, which was reported
Saturday, remains to be passed. Sev-
eral interesting contests are expected
during the consideration of the ques-
tions of adjusting the differences be-
tween the two houses on a number of
bills in conference. Especially spiri-
ted would be the fight over the propo-
sition to accept statehood amendment
if one should come to the house as a
rider on an appropriation bill. It
would command the solid

Support of the Democratic Side
and it is believed enough Republicans
to accept it, although it would be
strongly resisted by the Republican
leader. The consideration of the Phil-
ippine currency bill has been set for
Tuesday. The suspension days which
order the rules precede the expiration
of each congress begin on Wednesday
and by means of the parliamentary
expedient of making motions under
suspension of the rules, parliamentary
knots can be cut and legislation ex-
pedited. The Fowler currency will
continue to be the stop gap when-
ever the motions are not pressing, but
there seems no prospect of its passage.

THE STATEHOOD BILL.

Critical Period of Its Career Approach-
ing in the Senate.

Washington, Feb. 23.—The course
of proceedings in the senate during
the present week will depend very
largely upon whether there is an ad-
justment of differences upon the state-
hood bill. If there is no agreement
the bill will do to cut a figure in the
proceedings whether it be technically
under consideration or not, just as it
has done during the greater part of
the session. If the canal treaty is
preceded by the statehood bill it will
do much to shape its course. If the
treaty is put aside and the appropria-
tion bills taken up the statehood ques-
tion will present itself in the shape of
riders on these bills.

Postoffice Appropriation Bill First.

According to the present pro-
gramme the postoffice appropriation
bill will be the first of the supply
measures to be considered. It is in-
deed the only one of these bills not
yet passed, which has been reported
from committee. It carries the state-
hood bill as a rider and unless an un-
derstanding is arrived at before the
bill is taken up the question of the
retention will immediately confront
the senate. That will be the critical
period in the statehood bill's career.
Some of the anti-statehood senators
claim it can be beaten as a rider and
advocate an invitation to this test of
strength.

COMPROMISE MEASURE.

Senators Opposed to Omnibus State-
hood Bill Formulate Plans.

Washington, Feb. 23.—Some of the
Republican leaders of the senate who
are opposed to omnibus statehood bill
held an extended conference during
the day and perfected the compromise
measure, the provisions of which al-
ready have been published. It is
stated on excellent authority that
Senator Quay is anxious that the com-
promise bill be adopted and that he
is urging the Democrats to accept it.
The latter, however, are holding out
more strongly than ever for the omni-
bus measure. It was decided at the
conference to submit the compromise
bill to the statehood Republicans and
the Democrats at the earliest moment
in order to secure their consent to it.

TRIBUTE TO THE DEAD.

House Holds Sunday Session to Eulogize
Departed Members.

Washington, Feb. 23.—The house
held a session Sunday to pay tribute
to the memories of their deceased
members, the late representatives
Tongue of Oregon; the late Represen-
tative Rumble of Iowa and the late
Representative Moody of North Caro-
lina. Mr. Moody of Oregon presided in
the absence of Speaker Henderson.
The customary resolutions were adopt-
ed and eulogies delivered upon the
late representatives.

At 4:25 p. m., as a further mark of
respect, the house adjourned.

RESEMBLES A SEA.

Ohio River Rises and Inundates
Wheat Fields.

Evansville, Ind., Feb. 23.—The river
continues to rise slowly here and at
9 o'clock a. m. stood 40.8 feet. In
some places between here and Paducah,
Ky., the Ohio river is fifteen
miles wide and resembles a sea. Most
of the boats were delayed again. Re-
ports received say the wheat crop
in many sections will be destroyed.
Thousands of acres of wheat are now
under water.

WHERE GALLANT LAWTON FELL.

Monument Unveiled to Mark the Fa-
tal Spot.

Manila, Feb. 23.—Two hundred
troops and hundreds of veterans par-
ticipated in the unveiling of the monu-
ment marking the spot where General
Lawton was killed at San Mateo.
General Davis and others made
speeches eulogizing General Lawton.

LONG PRISON TERM.

One of New York's Cleverest Forgers
Put Out of Harm's Way.

New York, Feb. 23.—Judge New-
burger has sentenced Frank Folina,
an Italian, to six years in Sing Sing
prison for forgery. The court, lawyers
and others interested in the case say
that Folina is a second "Jim the Pen-
man," and one of the cleverest forgers
ever sentenced in the court.
There were several complainants
whose names had been forged to
checks for various sums, the forger
by the use of a pane of glass making
correct imitations. L. W. Simmons,
the teller who cashed the checks,
wrote Judge Newburger as follows:
"I hope that you will take into con-
sideration the fact that I have spent
nearly all the savings of a lifetime, as
I was obliged to make good to my em-
ployers for the checks. The forgeries
would deceive any teller, no matter
how long experienced."

REACH THE TRAINS.

Relief Parties Get Food to Snowbound
Passengers.

St. Johns, N. F., Feb. 23.—Relief
parties with food during the day
reached the trains which are snow-
bound in the interior and supplied
them with provisions. The nearest
train was freed in the afternoon and
started backward for St. Johns. The
relief train is forcing its way forward,
trying to clear the track to enable the
other two blocked trains to move east
also. It is impossible to say when
they will be released, as the drifts are
very heavy.

DRANK WOOD ALCOHOL.

Two New York Women Make a Fatal
Mistake.

Schenectady, N. Y., Feb. 21.—Mrs.
George Stave, aged fifty-two, and her
daughter, Mrs. Lemuel David, aged
twenty-seven, died during the day
from drinking wood alcohol. They
had been accustomed to drink small
quantities of hot diluted grain alcohol
to relieve illness and during the night,
neither one being well, they prepared
by mistake wood alcohol and drank it.
They survived several hours and died
within an hour of each other.

AFTER A STORMY SESSION.

Change of Venue Bill Passes the Mon-
tana Senate.

Helena, Mont., Feb. 23.—The change
of venue bill, which nearly caused a
riot in the senate Wednesday night,
passed the senate by a vote of 17 to 8
in a very stormy session. Senator
Kennedy announced his determination
to hold the floor and amend every sec-
tion of the bill. The lie was passed
and the sergeant-at-arms was com-
pelled to seat Kennedy.

FOUR ITALIANS KILLED.

Passenger Train Strikes a Wagon
Near Braceville, Ill.

Bloomington, Ill., Feb. 23.—The
Kansas City limited on the Chicago
and Alton railroad struck a wagon
containing five Italian coal miners
south of Braceville, killed four of the
men and fatally injured the fifth man.
The men were returning from church.

who is in his seventy-eighth year, is
ill.

Kate Vaughan, the well-known Eng-
lish actress, died Saturday in Johan-
nesburg.

Police Judge R. P. Updegraff of
Cleveland, O., died suddenly of heart
disease in Plymouth church Sunday

farewell reception to the Most Rev.
James E. Quigley, who next week
leaves Buffalo to take up his work as
archbishop of Chicago.

Lewis B. Eveland, for sixteen years
traveling passenger agent of the Den-
ver and Rio Grande railway, died sud-
denly at his residence at Kansas City
Sunday, aged sixty-four.

Zachariah E. Simmons, aged seven-
ty-eight, died at Lexington, Ky., Sun-
day night. He was the original owner
of George Wilkes and noted as a
breeder of trotting horses.

Mayor Rose of Milwaukee was at-
tacked with acute indigestion Sunday
night at dinner at Indianapolis. He
had to leave the diningroom and has
since been confined to his bed.

EVERY STATE OFFICE

HOUSE COMMITTEE ON PUBLIC
ACCOUNTS WILL CONDUCT
AN INVESTIGATION.

MERITS OF DEPARTMENT EXPEN-
DITURES WILL ALSO BE
WELL COVERED.

St. Paul, Feb. 23.—The house com-
mittee on public accounts will conduct
a thorough investigation of every
state office and department, to ascer-
tain whether the various appropria-
tions have been expended in strict
accordance with law. The investi-
gation will also cover the merits of
the expenditures of the departments,
and ferret out any possible extrava-
gance by state officers.

The committee held a lively session
Saturday, but when it was over those
that favored probing to the bottom
had won. The work will be done by
subcommittees appointed to investi-
gate the various offices, and it is pro-
mised that there will be no attempts
at whitewashing, if anything out of
the ordinary is discovered.

The plan now proposed is to employ
all the expert help that may be ne-
cessary for the subcommittee so that
the work can be done in the shortest
possible time, and a report made to
the house before the appropriation bills
have been passed.

Make State Officers Careful.

The committeemen believe that an
examination would not only disclose
places where the state might save
money, but would lead officers to be
more careful in spending state funds
in the next few years.

Representative Frank Clague of
Redwood county has introduced in
the house a bill which increases the
state aid to graded schools from \$100
per year to \$800 per year. Last year
there were 119 graded schools in Min-
nesota entitled to state aid, so that
the Clague bill, if enacted, means an
increase of \$47,600 in the money to
be appropriated among the graded
schools by the state.

The Morley bill, which removes the
state university, the normal schools,
the schools for the deaf and blind at
Fairbault and the state public school
at Owatonna from the jurisdiction of
the state board of control, will be con-
sidered Friday afternoon as a special
order, instead of Tuesday afternoon,
as at first decided. The change was
made by the house Saturday, as it was
felt there would be a larger attend-
ance of members on Friday, and they
would have more time to consider the
measure.

Recommend Relief Bills.

The house committee on claims will
recommend for passage the bill ap-
propriating \$5,000 for the relief of Al-
bert P. Dorsey of Battery B, whose
right arm was shot off while firing a
salute in honor of then Vice Presi-
dent Theodore Roosevelt, on his visit
to Minneapolis Sept. 2, 1901.

The committee will also recommend
for passage a bill appropriating \$1,000
for the relief of Mrs. Margaret Vogel,
whose arm was crushed in a laundry
mangle at the St. Peter insane hos-
pital.

Representative George R. Smith of
Minnesota introduced in the house
a bill intended to prevent hasty grant-
ing of final decrees in divorce cases.
The bill is brought about by the fre-
quency with which divorced persons
make-up and remarry. It provides
that when a divorce is granted on the
charge of cruel and inhuman treat-
ment, wilful desertion, habitual
drunkenness, or that the defendant
has been imprisoned in the state pris-
on no judgment shall be entered for
one year.

If at the end of that time it appears
that the husband and wife lived to-
gether as husband and wife, the case
shall be dismissed. If not, the judg-
ment is to be filed, and the divorce to
be effective.

RECOMMENDED TO PASS.

Bill to Reimburse Owners of Stock
Killed Because Diseased.

The bill by representative Krostue
of Fisher, providing that the payment
for animals killed on account of tuber-
culosis or glanders, by order of the
state board of health, will be recom-
mended for passage by the house com-
mittee on public health.

The bill has been amended so that
the state is to bear three-fourths of
the loss caused by the killing of the
animal, and the owners one-fourth.
The town and village in which the animal
was killed being entirely relieved
from any liability. The bill also pro-
vides that there shall be no secur-
ity for tuberculosis, and that ani-
mals may be ordered killed only by
the state board of health.

PRIMARY ELECTIONS.

New Measure Applying to Them in
the House.

Primary elections to apply only to
candidates who are voted for only in
one county and to be conducted by
the party organizations are provided
for in a bill introduced in the house
by Representative J. A. Shepard of
Minnesota.

The bill is to apply to all political
parties which polled 1 per cent of the
total vote at the preceding election.
If a party polled less than that num-
ber of votes it may hold a primary
election by presenting a petition to
the county auditor signed by not less
than 100 qualified voters.

The primary elections of the differ-
ent parties are to be separate, and
held on successive days.

KEROSENE AND GASOLINE.

Bill Requiring Oil to Be Kept in Color-
ed Cans.

The bill by Dr. A. D. Larson of Her-
man, requiring gasoline and kerosene
to be kept in red cans, was recom-
mended to pass by the house com-
mittee of the whole.
